MAIDEN VOYAGE OF SUPERFAST I

The Board of Directors of Attica Group is pleased to announce the deployment of the newly-built Superfast I in the Patras-Igoumenitsa-Bari route. The ultra-modern Ro-Pax vessel Superfast I is the first of two sister vessels acquired by Attica Group. Superfast I was built in Nuovi Cantieri Apuania in Italy, and delivered earlier this month. Her sister vessel, Superfast II, is due to be delivered in the course of the second half of 2009.

Superfast I has an overall length of 199.1 meters, width of 26.6 meters and a draft of 6.4 meters. It can carry 950 passengers, 170 large trucks and 100 passenger cars at a cruising speed of 24 knots. Her on board facilities include a Restaurant, a Bar, a Casino, a Boutique, aircraft-type seats and comfortable cabins. Her spacious accommodation and tastefully-appointed lounge areas will turn every trip into an unforgettable experience.
